

Annex II and III (Excluded) Pre Existing Know-How

Participant 1

Netherlands Foundation for Research in Astronomy (ASTRON)
Oude Hoogeveensedijk 4
P.O. Box 2
7990 AA Dwingeloo
The Netherlands

Pre-existing Know-How of ASTRON is all Know-How generated within the group of ASTRON working for the Project, as far as needed to duly perform the work in the Project. ASTRON hereby excludes from its obligation to grant Access Rights all pre-existing Know-How generated by ASTRON which was funded in full or in part by industrial sponsors other than generated within the group of ASTRON in working for the Project.

Participant 2

The University of Manchester
Oxford Road
Manchester
M13 9PL
United Kingdom

The University of Manchester hereby excludes from its obligation to grant access rights to all Pre-Existing Know-How (PEKH) generated by the University other than that generated by the members of the research group of Professor Peter Wilkinson, School of Physics and Astronomy, Jodrell Bank Observatory, and the research groups of Professors Mo Missous and Anthony Brown, School of Electrical and Electronic Engineering, who are directly involved in carrying out the Project.

The University of Manchester also hereby excludes specifically from its obligation to grant access rights to the following PEKH:

- all data, materials, methodologies and know-how not generated through the direct participation in the Project or which the University of Manchester is not free to provide.
- databases and software not generated through the direct participation in the Project or which the University of Manchester is not free to provide.
- all PEKH resulting from research carried out by Professors Wilkinson, Missous and Brown and their teams, which was funded in full or in part by industrial, charitable and government sponsors.

The University of Manchester also hereby excludes from its obligation to grant access rights to PEKH that has been and/or will be derived outside the Project which the

University of Manchester, due to third party rights, is not able to grant access rights to, or for whom the University of Manchester needs to get permission to grant access rights.

Participant 6

Fundacion General de la Universidad de Alcala
Instituto Geografico Nacional (FG-IGN)
Calle Imagen 1, 3
28803 Alcala de Henares
SPAIN

Pre-existing Know-How of FG-IGN is all Know-How generated within the group of FG-IGN working for the Project, as far as needed to duly perform the work in the Project. FG-IGN hereby excludes from its obligation to grant Access Rights all preexisting Know-How generated by FG-IGN which was funded in full or in part by industrial sponsors other than generated within the group of FG-IGN in working for the Project.

Participant 7

Max Planck Society for the Advancement of Science,
Max Planck Institut für Radioastronomie (MPIfR),
Auf dem Hügel 69
53121 Bonn
Germany

Pre-existing Know-How of the MPIfR is all Know-How generated within the group of the MPIfR working for the Project, as far as needed to duly perform work in the Project. The MPIfR hereby excludes from its obligation to grant Access Rights all pre-existing Know-How generated by the Max Planck Society other than generated within the group of the MPIfR working for the Project.

Participant 8

University of Oxford (OXF-DB)
University Offices, Wellington Square
Oxford OX1 2JD
United Kingdom

The University of Oxford hereby excludes from its obligation to grant Access Rights to Pre-Existing Know-How all Pre-Existing Know-How generated by the University other than that generated by the members of the research group of Professor Stephen G Rawlings, Department of Astrophysics, who are directly involved in carrying out the Project.

The University of Oxford also hereby excludes specifically from its obligation to grant Access Rights to Pre-Existing Know-How to the following Pre- Existing Know-How:

- (a) All data, materials, methodologies and know-how not generated through the direct participation in the Project or which the University of Oxford is not free to provide.
- (b) Databases and software not generated through the direct participation in the Project or which the University of Oxford is not free to provide.
- (c) All Pre-Existing Know-How resulting from research carried out by Professor Rawlings and his team, which was funded in full or in part by industrial, charitable and government sponsors.

The University of Oxford also hereby excludes from its obligation to grant Access Rights to Pre-Existing Know-How all Pre-Existing Know-How that has been and/or will be derived outside the Project which the University of Oxford due to third party rights are not able to grant Access Rights to or for whom the University of Oxford needs to get permission to grant Access Rights.

Participant 15

The Chancellor, Masters and Scholars of the University of Cambridge (UCAM DPHYS)
The Old Schools
Trinity Lane
Cambridge
CB2 1TS

The University of Cambridge hereby excludes from its obligation to grant Access Rights to Pre-Existing Know-How all Pre-Existing Know-How generated by the University of Cambridge other than that generated by the research group of Dr Alexander, Department of Physics, who is directly involved in carrying out the Project.

The University of Cambridge also hereby excludes from its obligation to grant Access Rights to Pre-Existing Know-How all Pre-Existing Know-How that has been and/or will be derived outside the Project which the University of Cambridge due to third party rights are not able to grant Access Rights to or for whom the University of Cambridge needs to get permission to grant Access Rights to.

Participant 19

The University of Glasgow (U.Glasgow)
University Avenue
Glasgow G12 8QQ
United Kingdom

The University of Glasgow hereby excludes from its obligation to grant Access Rights to Pre-Existing Know-How all Pre-Existing Know-How generated by the University other than that generated by the members of the research group of Dr Graham Woan, Department of Physics and Astronomy, who are directly involved in carrying out the Project.

The University of Glasgow also hereby excludes specifically from its obligation to grant Access Rights to Pre-Existing Know-How to the following Pre- Existing Know-How:

- (d) All data, materials, methodologies and know-how not generated through the direct participation in the Project or which the University of Glasgow is not free to provide.
- (e) Databases and software not generated through the direct participation in the Project or which the University of Glasgow is not free to provide.
- (f) All Pre-Existing Know-How resulting from research that was funded in full or in part by industrial, charitable and government sponsors.

The University of Glasgow also hereby excludes from its obligation to grant Access Rights to Pre-Existing Know-How all Pre-Existing Know-How that has been and/or will be derived outside the Project which the University of Glasgow due to third party rights are not able to grant Access Rights to or for whom the University of Glasgow needs to get permission to grant Access Rights.
